

Financial Assistance Policy

The Financial Assistance Program at First Hill Surgery Center offers free or discounted services for those who cannot afford care, are underinsured or have no insurance at all. The program provides financial assistance in cases where annual family income is between zero and 400 percent of the federal poverty level, and ensures that financial constraints are not a barrier to receiving medically necessary care.

What Is Covered?

For medically necessary services, FHSC provides financial help to eligible patients on a sliding fee scale, with discounts from 30 to 100 percent based on the patient's ability to pay.

How to Apply?

Any patient may apply for financial assistance. A patient wanting financial help must provide the information and documents asked for in the application, unless told otherwise. An application form may be printed from the FHSC website: <http://www.firsthillsurgerycenter.com/financial-assistance>

Contact Us for Financial Assistance Help or Applications

For more information about getting help with your medical bills, please call our Financial Counselors. They can provide forms and help you apply for assistance. Patients are strongly encouraged to ask for financial help *before* receiving medical treatment, if at all possible. If you have questions or would like a financial assistance application form, please contact our financial counselors at 206.320.6272.
