Patient Name: _____
Date of Birth: _____
Guardian Name (if applicable): _____
Patient ID: _____

Washington State Law guarantees that you have both the right and the obligation to make decisions regarding your health care. Your physician can provide you with the necessary information and advice, but as a member of the health care team, you must participate in the decision making process. This form acknowledges your consent to treatment recommended by your physician.

1 MY PROCEDURE

I hereby give my consent for Dr. _____ or his/her associates, to perform a _____upon me. I understand the procedure is to be performed at First Hill Surgery Center. This has been recommended to me by my physician in order to _____ _____I understand that the procedure or treatment can be described as follows:

_____

Step 1:

_____

_____

I consent to the administration of anesthesia, if necessary, by my attending physician, by an anesthesiologist, or other qualified person under the direction of a physician. Check type of anesthesia (if needed):

General ☐ Sedation ☐ Local ☐ None ☐ _____

General Anesthesia or sedation involve risk of complications and serious possible damage to vital organs, such as brain, heart, lung, liver and kidney, and that in some cases, may result in paralysis, cardiac arrest and/or brain death from both known and unknown causes. Your anesthesiologist or designated healthcare provider will be available to discuss this further with you on the day of your surgery.

2 MY BENEFITS

Some potential benefits of this procedure include:

_____Improvement or resolution of fecal incontinence _____

3 MY RISKS

I understand that there are **potential risks, complications, and side effects** associated with any surgical procedure. Although it is impossible to list all of them, I have been informed of some of the possible risks, complication and side effects of this procedure.

These include, but are not limited to the following:

Pain, bleeding, infection, failure to improve incontinence, dislodgement of lead, mechanical failure or device, internal injury, _____

Some of these risks, complications and side effects are not serious or do not happen frequently. Although these risks, complications and side effects may occur very rarely, they do sometimes occur and cannot be predicted or prevented by the physician performing the procedure.

4 TISSUE DISPOSAL/PATHOLOGY

Any tissue or specimen may be disposed of in accordance with accustomed practice; or specimen sent to pathology for evaluation in agreement with my designated healthcare provider.

5 MY CONSENT

Although most procedures have good results, I understand that **no guarantee** has been made to me about the results of this procedure or the occurrence or any risks, complications and side effects.

I recognize that during the course of treatment, unforeseeable conditions may require **additional treatment or procedures**.

I request and authorize my physician and other qualified medical personnel to perform such treatment or procedures **as required**.

I have chosen to undergo this procedure after considering the **alternative forms of diagnosis and/or treatment** for my condition including no treatment or other procedures or tests. Alternatives to this procedure may include, but are not limited to __medical management, physical therapy, sphincter repair or colostomy_____. These alternative forms of treatment have their own potential risks, benefits and possible complications.

I certify that I have read or had read to me the contents of this form.

I have read or had read to me and will follow any patient instructions related to this procedure.

I understand the potential risks, complications and side effects involved with the proposed _____ ___placement of sacral nerve stimulator____ and have decided to proceed after considering the possibility of both known and unknown risks, complications, side effects and alternatives.

I have had the opportunity to ask questions and all of my questions have been answered to my satisfaction. I consent to the above procedures as deemed necessary or appropriate by my physician or credentialed provider.
