Washington State law guarantees that you have both the right and the obligation to make decisions regarding your health care. Your physician can provide you with the necessary information and advice, but as a member of the health care team, you must participate in the decision making process. This form acknowledges your consent to treatment recommended by your physician.

**1 MY PROCEDURE**

I hereby give my consent for Dr. \_\_\_\_\_ to perform a  Left  Right **Carpal Tunnel Release** upon me. I understand the procedure is to be performed at the First Hill Surgery Center. This has been recommended to me by my physician in order to treat my carpal tunnel syndrome.

**I understand that the procedure or treatment can be described as follows:**

An incision will be made in the palm of the hand to release the ligament overlying the carpal tunnel, thus relieving pressure on the median nerve in the patient's hand.

This procedure may require general anesthesia which will be administered by a qualified anesthesiologist. Your anesthesiologist will be available to discuss this further with you on the day of surgery.

**2 MY BENEFITS**

**Some potential benefits of this procedure include:**

- Reduce pain, numbness, and weakness.

**3 MY RISKS**

*I understand that there are **potential risks, complications and side effects** associated with any surgical procedure. Although it is impossible to list all of them, I have been informed of some of the possible risks, complications and side effects of this procedure.*

**These could include but may not be limited to the following:**

- Bleeding, infection, scar, nerve or blood vessel injury to include the median nerve and its branches, continued pain, numbness, and weakness, pain at the base of the thumb or small finger ("pillar pain"), the need for further surgery as well as the risk of medical or anesthetic complications.

Some of these risks, complications and side effects are not serious or do not happen frequently. Although these risks, complications and side effects may occur only very rarely, they do sometimes occur and cannot be predicted or prevented by the physician performing the procedure.

**4 MY CONSENT**

Although most procedures have good results, I understand that **no guarantee** has been made to me about the results of this procedure or the occurrence of any risks, complications and side effects.

I recognize that during the course of treatment, unforeseeable conditions may require **additional treatment or procedures**.

I request and authorize my physician and other qualified medical personnel to perform such treatment or procedures **as required**.

I have chosen to undergo this procedure after considering the **alternative forms of diagnosis and/or treatment** for my condition including no treatment or other procedures or tests. Alternatives to this procedure may include, but are not limited to splinting, injections, and anti-inflammatory medications. These alternative forms of treatment have their own potential risks, benefits and possible complications.

**I certify that I have read or had read to me the contents of this form and will follow any patient instructions related to this procedure.**

I understand the potential risks, complications and side effects involved with the proposed Left Right **Carpal Tunnel Release** and have decided to proceed after considering the possibility of both known and unknown risks, complications, side effects and alternatives.

I have had the opportunity to ask questions and all of my questions have been answered to my satisfaction. I consent to the above procedures as deemed necessary or appropriate by my physician or credentialed provider.
