

**Biopsy of the Prostate
Consent Form**

Patient Name: Date of Birth: _____

Guardian Name (if applicable): Patient ID: _____

Washington State law guarantees that you have both the right and the obligation to make decisions regarding your health care. Your physician can provide you with the necessary information and advice, but as a member of the health care team, you must participate in the decision making process. This form acknowledges your consent to treatment recommended by your physician.

1 MY PROCEDURE

I hereby give my consent for Dr. _____ and associates to perform a **Biopsy of the Prostate** upon me. I understand the procedure is to be performed at First Hill Surgery Center. This has been recommended to me by my physician in order to detect and diagnose the presence of prostate cancer.

I understand that the procedure or treatment can be described as follows:

An ultrasound probe is placed into the rectum. This allows visualization of the prostate, seminal vesicles, urethra, and bladder. This also allows all areas of the prostate to be sampled.

Procedure Preparation completion:

- No Aspirin or blood thinners for 7days
- Enema
- Cipro/Antibiotics taken 2 hours prior (2 Pills)

2 MY BENEFITS

Some potential benefits of this procedure include:

- Prostate cancer detection

3 MY RISKS

I understand that there are **potential risks, complications and side effects** associated with any surgical procedure. Although it is impossible to list all of them, I have been informed of some of the possible risks, complications and side effects of this procedure.

These could include but may not be limited to the following:

Infection requiring hospitalization, burning with urination, urinary retention which might require catheterization or failure to detect exiting prostate cancer.

Some of these risks, complications and side effects are not serious or do not happen frequently. Although these risks, complications and side effects may occur only very rarely, they do sometimes occur and cannot be predicted or prevented by the physician performing the procedure.

4 **TISSUE DISPOSAL/PATHOLOGY**

Any tissue or specimen may be disposed of in accordance with accustomed practice; or specimen sent to pathology for evaluation in agreement with my designated healthcare provider.

5 **MY CONSENT**

Although most procedures have good results, I understand that **no guarantee** has been made to me about the results of this procedure or the occurrence of any risks, complications and side effects.

I recognize that during the course of treatment, unforeseeable conditions may require **additional treatment or procedures**.

I request and authorize my physician and other qualified medical personnel to perform such treatment or procedures **as required**.

I have chosen to undergo this procedure after considering the **alternative forms of diagnosis and/or treatment** for my condition including no treatment or other procedures or tests such as cytology or diagnostic imaging. These alternative forms of treatment have their own potential risks, benefits and possible complications.

I certify that I have read or had read to me the contents of this form and will follow any patient instructions related to this procedure.

I understand the potential risks, complications and side effects involved with the proposed **Biopsy of the Prostate** and have decided to proceed after considering the possibility of both known and unknown risks, complications, side effects and alternatives.

I have had the opportunity to ask questions and all of my questions have been answered to my satisfaction. I consent to the above procedures as deemed necessary or appropriate by my physician or credentialed provider.
